9.	Partnership survey	3

HAWKE'S BAY REGIONAL COUNCIL
REGIONAL PLANNING COMMITTEE
Wednesday 17 May 2023

Subject: PARTNERSHIP SURVEY

Reason for Report

1. This item provides the means for tāngata whenua to respond to a survey to inform one of the level of service measures for the Māori Partnerships team.

Purpose of the survey

2. This survey question is a new level of service measure related to the Tāngata Whenua Partnerships activity in the Long Term Plan 2021-2031. This is the second year this survey has been circulated. If you completed the survey last year, we would like you to also complete the survey this year – even if your response is the same. The results go into our Annual Report along with 57 other measures.
3. The Tāngata Whenua Partnerships activity covers our engagement with tāngata whenua as required by the Local Government Act, including the Māori Committee and the Regional Planning Committee, and direct involvement with hapū and marae as well as building internal capability and capacity to engage effectively.

Filling in the survey

4. The Governance team are collating the responses to encourage free and frank answers. You can remain anonymous or add your name if you wish.
5. Please either answer the following survey question on this page and hand it in to one of the Governance team staff members at the meeting, or we can provide a copy for you to complete and submit while you are at the meeting.
6. For those who are unable to fill in the survey at the meeting, a simple-to-use online survey will be emailed to all members. Please do not complete more than one survey this year.
